

FORUM MANAGEMENT COMMITTEE MEETING

24th July 2019

PLANNING AND ENVIRONMENT GROUP REPORT

During this fairly quiet period the Group has continued to monitor all planning applications submitted within our area and reacted as appropriate according members' views.

The main issues of Beck Lane and the Vere Avenue/Gilcroft Street developments continue to cause concern and Barry Nicholl has represented the Group regarding the appeal by the developers of the former, whilst Jane Cooper and Lynn Henstock have been active in regard to the latter.

A Planning Group meeting was held with Richard Purcell who advised on various aspects of planning which those present found helpful.

Richard Goad.
